STATE STREET CORPORATION and STATE STREET GLOBAL ADVISORS,

Defendants. :

## MEMORANDUM OF LAW IN SUPPORT OF DEFENDANTS' MOTION TO COMPEL THE PRODUCTION OF DOCUMENTS PURSUANT TO FED. R. CIV. P. 37(a)

Defendants State Street Corporation (the "Corporation") and State Street Global Advisors ("SSgA") (collectively "State Street") respectfully submit this memorandum of law in support of their Motion pursuant to Fed. R. Civ. P. 37(a) to compel plaintiff Alan Brown to produce documents in response to Requests Nos. 1, 2, 9, 10 and 11 of Defendants' Second Request for the Production of Documents, dated May 27, 2006.

#### **Preliminary Statement**

In his Amended Complaint, plaintiff Alan Brown alleges that State Street terminated his employment to avoid paying him pension benefits that its former CEO, David Spina, had orally promised him. To explore Brown's allegations, State Street requested the production of (i) his communications with headhunters; (ii) his communications with Schroder Investment Management Limited, his current employer, through May 17, 2005 -- the day he stopped receiving a salary from State Street; and (iii) notes he took of discussions he had with current and former employees of State Street. Additionally, to investigate Brown's potential

damages, State Street requested the production of documents concerning the prior pension arrangements he had while employed at State Street. Brown, however, has refused to provide these documents and, accordingly, the Court should compel their production.

#### **Statement of Facts**

By letter, dated March 11, 2005, Brown resigned from State Street, asserting that his position with the company was "no longer tenable." On March 17, 2005, State Street accepted Brown's resignation and placed him on leave, during which Brown did not work but received pay for 60 days, through May 17, 2005. At the end of March or in the beginning of April 2005, Brown began negotiating an employment agreement with Schroder Investment Management Limited ("Schroders"). On May 10, 2005, he completed a medical examination for Schroders and, on May 17, 2005 -- the last day of his leave and salary continuation from State Street -- Brown signed an employment agreement with Schroders. Three weeks later he brought this action claiming that State Street breached an oral agreement he had for benefits under State Street's Supplemental Executive Retirement Plan (or "SERP"). CPLT ¶ 34.

During discovery, Brown produced handwritten notes that either he or his wife took of conversations he had prior to March 11, 2005. At deposition, Brown testified that, starting in late 2004, he routinely took handwritten notes of conversations he had with people with whom he worked. Brown Dep. at 67:11-15 (excerpts from Brown's deposition are attached as Exhibit A). Brown also admitted that, since March 11, 2005, he has recorded at least one conversation with a former State Street employee concerning events that occurred before he left State Street. *Id.* at 61:8-63:12.

Brown also testified that he had a private pension arrangement with SSgA U.K. Limited, the State Street division that employed him. *Id.* at 143:19-144:6. Rather than

participate in any State Street U.K. pension plan, Brown received supplemental payments added to his salary. *Id.* He was also a member of a statutory pension plan in the United Kingdom *Id.* at 49:23-50:2. He acknowledged that, according to its terms, any pension benefit he received under the SERP would have to be reduced by benefits he received from his alternative pension arrangements. Id. at 143:20-144:6. Finally, he testified that he had documents showing the current value of these alternative arrangements. Id. at 50:6-20.

To explore these issues, State Street requested the following documents:

#### Request No. 1

All communications through May 17, 2005, between you and Schroders.

#### Request No. 2

All communications between you and any headhunter, recruiter, executive search firm or employment consultant.

#### Request No. 9

All notes, reports or transcripts of any conversation or communication between you and any of the following individuals: Timothy Harbert, John Snow, John Serhant, David Spina, Ronald Logue, Robert Weissman, Mitchell Shames, William Hunt, John Marrs, Luis de Ocejo, Boon Ooi, Peter Leahy, Trevor Lukes, John Towers, Thomas McCrossan, Charles Cutrell, Shawn Johnson, Nicholas Lopardo, any employee or agent of Spencer Stuart, and any employee or agent of The Hay Group or Hay Acquisition Company I, Inc. 1

#### Request No. 10

All documents concerning any benefit plan, pension plan or retirement plan of which you are a participant or have been a participant.

#### Request No. 11

All documents concerning any benefit or compensation you receive or have received in lieu of participating in any benefit plan, pension plan or retirement plan.

State Street made these requests, among others, as part of its Second Request for the Production of Documents, dated May 27, 2006. On July 6, 2006, State Street received Brown's responses

With the exception of Spencer Stuart, The Hay Group and Hay Acquisition Company I, Inc., the individuals listed in Request No. 9 are all current or former employees of State Street.

and objections to its Second Request. There, he objected to and withheld documents in response to Requests Nos. 1, 2, 9, 10 and 11 that were created after March 11, 2005.

By letter, dated July 26, 2006, counsel for State Street requested a discovery conference pursuant to Fed. R. Civ. P. 37 and LR 37.1. The parties' attorneys participated in discovery conference calls on August 1 and 7, 2006. Brown's counsel indicated that Brown would not produce any documents in response to Requests Nos. 1, 2, 9, 10 and 11 that were created after March 11, 2005.

Neither Brown nor his counsel, however, have offered any justification permitting Brown to withhold documents created after March 11, 2005. His counsel provided no explanation during the parties' conference call. And in his responses to State Street's discovery requests, Brown did not assert any attorney-client or work product privilege. Nor did he object on the grounds that it would be unduly burdensome for him to produce these documents. Rather, he has simply decided to produce some documents created after March 11, 2005, while withholding others.<sup>2</sup> State Street thus has no choice but to seek the Court's assistance.

#### Argument

In his Amended Complaint (D.E. 35), Brown brings a claim for breach of the implied covenant of good faith, alleging that "State Street discharged [him] in an attempt to avoid paying him the VSP benefits Mr. Spina promised would be paid." CPLT ¶ 45. To prove this claim, Brown must first show that State Street terminated his employment in bad faith. See

Though Brown asserted that he was not obligated to produce documents in response to Requests Nos. 1, 2, 9, 10 and 11 that were created after March 11, 2005, he responded to State Street's other requests seeking documents created after this date. For example, Brown indicated that he produced documents in response to State Street's Request No. 7, which sought:

All communications between you, on the one hand, and John Snow, Peter Leahy, John Serhant, Shawn Johnson or John Marrs, on the other hand, concerning why your employment as an executive vice president for State Street and Chief Investment Officer for SSgA ended.

Fortune v. National Cash Register Co., 373 Mass. 96, 104-05 (1977) (a claim for breach of the implied covenant is available only if an employer discharges an employee in bad faith). Despite giving notice of his resignation by letter, dated March 11, 2005, Brown asserts that he was not resigning but rather notifying State Street that he was entitled to certain benefits. CPLT ¶ 33.

Brown's communications with headhunters and with Schroders, his current employer, are certainly relevant to this issue. Brown has withheld these documents, claiming that he does not have to produce documents created between March 11, 2005 -- the date of his notice of resignation -- and May 17, 2005 -- the last day he received a salary from State Street. Yet, his correspondence with headhunters and with Schroders during this time period are a likely source of admissions by Brown as to how he viewed his departure from State Street and his intent in preparing his March 11, 2005 letter. Indeed, these communications will explain why Brown, if he believed he was fired, did not sign an employment agreement with Schroders until May 17, 2005 -- the last day of his leave and salary continuation from State Street.<sup>3</sup> Such evidence is plainly relevant to the merits of Brown's claims and, to prepare its defense, State Street is entitled to see it. It is not for Brown to pick and choose what relevant evidence State Street may or may not see.

His handwritten notes are unquestionably relevant to his remaining claims.

Brown bases these claims -- breach of contract, ratification and promissory estoppel -- on an oral "commitment" that he alleges he entered into with State Street's former CEO. CPLT ¶¶ 35-43.

To defend against these claims, State Street is entitled to know whether Brown knew that the Executive Compensation Committee had to first approve this oral "commitment" and that, in

<sup>&</sup>lt;sup>3</sup> To be clear, State Street is not seeking Brown's communications with Schroders after May 17, 2005. And it is willing to limit its Request No. 2 for his communications with headhunters to those created before he signed an employment agreement with Schroders.

fact, it did not. The notes of his conversations with current and former State Street employees, including those that took place after March 11, 2005, are likely to reveal what he knew before he left State Street and thus answer these questions.

There is no magic to March 11, 2005. This is so because, in his post-March 2005 conversations with State Street employees, Brown discussed events that occurred prior to his departure from the company. Brown Dep. at 61:8-63:12. Indeed, at least one conversation concerned events during "the fourth quarter of '04" -- when the Executive Compensation Committee rejected his oral "commitment" -- while another concerned "the summer of '03" -when Brown alleges this "commitment" was made. Id. at 60:1-5. Because these conversations relate to events directly at issue in this case, State Street is entitled to discover the substance of these conversations, regardless of when they took place. And his notes, rather than his testimony, are the most reliable source for this information.

Finally, the valuations of his alternative pension arrangements are highly relevant to assessing the amount of his potential damages. Brown admitted at deposition that any pension benefit he received under the SERP would have to be reduced by benefits he received from his alternative pension arrangements. *Id.* at 143:20-144:6. Moreover, he testified that just before his deposition he had obtained current valuations of these arrangements. Id. at 50:14-20 ("I've just converted all of my pension arrangements into a new one, so I happen to know its current value."). These admissions make clear that the information in these valuations, regardless of when they were created, will impact the amount of State Street's potential liability and that, as a result, State Street is entitled to their production.

To defend against Brown's lawsuit, State Street is entitled to investigate fully all events relevant to his claims. See, e.g., Hickman v. Taylor, 329 U.S. 495, 507 (1947) ("Mutual

knowledge of all the relevant facts gathered by both parties is essential to proper litigation."). Federal Rule of Civil Procedure 26(b)(1) plainly indicates that parties "may obtain discovery regarding any matter, not privileged, that is relevant to the claim or defense of any party...." Fed. R. Civ. P. 26(b)(1). Moreover, the standard of relevance is broad and encompasses more than that which is "admissible at trial if the discovery appears reasonably calculated to lead to the discovery of admissible evidence." Id.

Even Brown has acknowledged that documents created after March 11, 2005, are relevant to his claims. He did not object to producing his communications with certain individuals after March 11, 2005, in response to State Street's other requests. Yet, the Federal Rules of Civil Procedure do not permit Brown to unilaterally pick and choose which discovery requests he believes are relevant to his claims and which are not.

#### **Conclusion**

For the foregoing reasons, State Street respectfully requests that the Court grant this Motion in its entirety and issue an Order (attached as Exhibit 1 to State Street's Motion) compelling Brown to produce documents in response to Requests Nos. 1, 2, 9, 10 and 11 of its Second Request for the Production of Documents, dated May 27, 2006. Pursuant to Fed. R. Civ. P. 37(a)(4)(A), State Street also respectfully requests that the Court award State Street the fees and costs it incurred in preparing this Motion and the supporting papers.

Well, Peter Leahy was very concerned about the succession process that we were going through. And by his nature, you know, he's fairly tense individual and he was very anxious that he and I stick together in terms of the proper succession proposition that we had put forward to Ron Logue, which was that the two of us take over the leadership of the firm.  Q. And why did you think that you should advise him about this agreement?  A. Well, in the spirit of full disclosure to a close colleague, I thought that he ought to know that I had what I regarded as a secure back stopper arrangement, an option.  Q. And what was his comment in response to this?  A. Nothing specific. Just acknowledged it.  Q. Did he say, I'm surprised, or?  A. No.	1 2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22	Page 144 but as we've already discussed, State Street had been paying to me a top up on my salary in lieu of contributions to a recognized State Street plan. And so there was the question of what allowance should be made in terms of a deduction from the SERP benefit for the monies that State Street had been paying to me.  Q. Was this something you discussed with David Spina?  A. Yes. I had talked about the fact that I didn't fit quite within the standard VSP formula because of the fact that my benefits were outside of the DB and DC arrangements contemplated in the documentation, but obviously, in all equity and fairness to State Street, they had been making a contribution to me in lieu and they ought to get some benefit from that in relation to a reduced SERP liability.  Q. And what did David say about that?  A. No more at the time. No more. We didn't get into any more detail on that.  Q. You didn't talked about any detail, you talked about this is an issue?		
23 24	<ul><li>Q. Or that's good for you?</li><li>A. I can't speculate on what he said.</li></ul>	23 24	A. Yes. And that was noted in his letter when he was putting it on record to the compensation committee.		
1	Page 143 Q. So you just talked to him about the agreement	1	Page 145 Q. So getting back to what did John Marrs say		
2	and he had no particular response that you can recall?	2	about that issue?		
3	A. No special noteworthy response.	3	A. The result of that was to arrange for a

5	A. John Marrs was already aware, that I believe,	5	the specifics of what this agreement would mean for me

- 9 A. I believe I must have told him sometime quite recall. Nothing else of note. 10 a while ago. His role, as you may know, was head of HR, so it's not exactly surprising that would know that
  - Q. Express anything about the agreement itself? 11
- A. No. 12 kind of thing. I can't recall how he became aware of 13 it, whether it was from me or Tim or both or when.

- Q. Say anything about the compensation committee? 14
  - A. Not at all.
  - Q. When did the meeting with Lou take place?
  - A. In the absence of my calendar, I can't give you a precise date, but I think it was in November or possibly December of '04.
  - Q. And what was the nature of that meeting? Was it a meeting or was it a telephone call?
  - A. It was a meeting in my office at 1 Lincoln Street.
  - Q. And what was the nature of the meeting?
    - A. To discuss a sensible approach to the pension
